

# LabelWorks LW-K400VP (Qwertz)

Versatile and feature-packed flagship handheld label maker with all-new productivity features and a very low total cost of ownership

How could Epson improve on its previous bestselling range of handheld label makers? The answer arrives with the LW-K400VP, a lightweight device with a built-in keyboard and productivity features galore. Extra-large fonts, new symbols and upgraded templates make labels easier and more economical for offices and retailers, electricians, AV installers, and warehouse and asset managers.

### Easy text-entry

A bright LCD screen and built-in keyboard makes text entry easy in any lighting conditions. Extra large fonts are available, though text can also be automatically tailored to fit the desired size of label.

### Less wastage

Longer tapes of up to nine metres mean a low total cost of ownership, while margins can now be cut to one millimetre, significantly reducing tape wastage.

### Faster label-making

Using the built-in manual cutter, the Cut & Print feature prints the next label in a pre-set series when it detects that the user has cut the previous label, saving time. The LW-K400VP also has a built-in internal memory, so previous projects can be quickly recalled.

### More choice

The LW-K400VP now offers a stunning 780 different symbols to suit any scenario, while there's a wide range of LK tapes available, including magnetic, heat resistant, glow in the dark, reflective, iron-on, and heat-shrink tube (HST). The LW-K400VP also includes new satin ribbon templates and improved cable flag label designs.

## DATASHEET / BROCHURE

## KEY FEATURES

- **Cut & Print**  
Auto-print the next label in a pre-set series
- **Narrow margins, less waste**  
Margins can now be cut to one millimetre, reducing wastage
- **Longer tapes**  
Tapes are available in nine metre sizes, saving money
- **Auto-fit text**  
Intelligently fits text to the desired size of label
- **780 different symbols**  
More choice than on competitor products
