# Epson TM-T88V-DT

#### DATASHEET / BROCHURE

# A fast thermal receipt printer with integrated peripheral controller, designed to work with the web.

Retailers can streamline operations, save space and reduce costs with the Epson TM-T88V-DT – a unique integrated terminal hub and thermal receipt printer designed to work with the web. Ideal for retailers moving from legacy systems to a full web environment, the TM-T88V-DT has a built-in controller that can seamlessly connect peripheral devices and work as a web server.

The TM-T88V-DT is equipped with an internal Apache web server, Windows® Embedded POSReady and ePOS-Device, enabling retailers to take full advantage of web-based applications and thin client solutions. POS peripherals - such as scanners, magnetic stripe readers, customer displays, scales and EFT (electronic funds transfer) terminals – can be conveniently controlled through the web without the need for additional drivers, and connected using the printer's USB ports and VGA port.

Offering retailers significant cost savings, the TM-T88V-DT is a standalone, all-inone solution that doesn't need a connection to a PC or POS terminal. This reduces the amount of hardware needed, cutting energy usage and reducing maintenance and servicing expenses. The printer's 'paper save' feature lower costs further.

The TM-T88V-DT provides full resilience, with local storage that can be used to back-up POS applications and databases - so if the network becomes disconnected, sales won't stop.

With a stylish, compact design that saves valuable counter space, the TM-T88V-DT is available in new tones of black or white to match the latest mobile devices.

# **KEY FEATURES**

- Integrated design
   No PC or POS terminal needed
- ePOS-Device
   Control peripherals from the web
- Cuts costs
  Less devices to maintain
- Full resilience
  Processor and storage for back-up
- Smart design
   Stylish and space saving

# PRODUCT SPECIFICATIONS

OTHER FEATURES

CPU Atom N2600 1.6GHz, Atom N2800 1.86GHz
Memory 2.0GB DDR-3-800, 4.0GB DDR-3-1066

OS Windows® Embedded POSReady 2009, Windows® Embedded POSReady 7, openSUSE 12.2

Preloaded SW Apache HTTP server, Communication Box, Server Direct Print, WebPOS Config, ePOS-

Device®, ePOS-Print®

Storage 16GB SSD, 32GB SSD
Cutter Partial Cut

Sensors Unit open sensor, Paper End Sensor, Paper Near End Sensor

PAPER

Paper size  $79,50 \pm 0,50$  (W) mm x dia 83,00 mm,  $57,50 \pm 0,50$  (W) mm x dia 83,00 mm

INTERFACES

Interfaces Ethernet interface (100 Base-TX / 10 Base-T), USB 2.0 Type A (6x), RS-232, VGA out, Stereo

mini jack audio out, Drawer kick-out

GENERAL

Product dimensions 145 x 279 x 183 mm (Width x Depth x Height)

Product weight 3,2 kg
Installation horizontally

Humidity Operation 10% - 90%, Storage 10% - 90%

Temperature Operation 5° C - 45° C, Storage -10° C - 50° C

**FONTS & STYLES** 

Print Speed 300 mm/sec

Character size 0,99 mm (W) x 2,4 mm (H) / 1,41 mm (W) x 3,39 mm (H)
Character set 95 Alphanumeric, 18 set International, 128 x 43 Graphic

Dot density 180 dpi x 180 dpi

**DATA BUFFER** 

Data Buffer 4 kB or 45 Bytes

OTHER

Warranty 12 months Carry in

Epson TM-T88V-DT

# WHAT'S IN THE BOX

- AC Adaptor
- Cable cover
- Main unit
- Paper roll spacer
- Thermal roll paper

# **OPTIONAL ACCESSORIES**

- DM-D110 (103): Customer Display, USB, White A61B133103
- DM-D110 (113): Customer Display, USB, Black A61B133113
- OT-WL02 (739): Wireless LAN Dongle, 2.4 GHz C32C890739
- OT-WL05 (737): Wireless LAN dongle, 2.4 and 5 GHz C32C890737
