Project Registration discount!

HOW IT WORKS

All Honeywell Productivity Products Partners located in Europe are eligible to participate. Register your opportunity to receive an additional 7% Project Registration discount on eligible Top Runner product families and accessories.

Discounts can be stacked on top of current Partner Project Registration Discount. Discounts are applicable to all approved and open Project Registrations (PRs) and new PRs placed by **December 31, 2020**. PRs that have shipped or are in won or closed status are not eligible. PRs placed within the qualifying period can be shipped at the promotional discount until the PR's 6-month expiration date.

The Honeywell Project Registration (PR) Discounts cannot be combined or stacked with Price Exception (PE) discounts. Only product families listed below and accessories are included in this program and can make up eligible orders. Custom SKUs and optional software products are excluded.
