# QUICK DEMO

**Claim immediately Demo Products and skip the Request Form Process**

## HOW IT WORKS

The Quick Demo program is available to **Silver Partners or Non-PPP Resellers** (i.e. resellers not included in the Performance Partner Program) in Europe.

Honeywell provides a demo discount of **70%\*** off List Price, to enable Resellers to buy products for use in proof-of-concept activities, customer & internal training, event demonstrations and customer demos. Resellers can purchase at this discount (which will be applied at the point of purchase) from Honeywell Authorized Distributors

\* RT10 tablet is available under **52%** demo discount off List Price (hardware devices only)

The Quick Demo program is valid for **up to two (2) unit per product family in any six-month period**, along with the corresponding key accessories. A product family is, for example, CK65 Mobile Computers, PX940 printers, Genesis XP scanners. This program applies only to products available in the Honeywell Price Book at the time of order placement, excluding Special Order Configurations, Service products and Professional Services. “Key Accessories” must be purchased with the main unit and Demo Discount applies to them as well. A Key Accessory is one that allows the device to be demonstrated, i.e. battery, single dock/charger for a computer, power supply, etc.

Should a Reseller require more than the allowed quantity of products, they should follow the standard Demo Request process: the reseller who is a member of the Honeywell Performance Partner Program or the Honeywell Authorized Distributor will log in to our Performance Partner Portal and submit a request through the Demo Request Form, found under the Sales menu (<https://productivity.honeywell.com/partners>)

**Platinum and Gold Partners are not authorized to use Quick Demo.** For demo units, they should follow the standard Demo Request process aforementioned.

Products purchased under the Quick Demo Program must not be made available for resale, and must be retained by the Reseller for at least six months after the date of purchase. Honeywell reserves the right to inspect the products purchased through the Quick Demo Program within six months of the date of purchase.

Demo equipment may be returned for Warranty Repair only, no refunds or credits are offered. Standard Warranty terms apply.

The decisions of Honeywell in respect of any and all aspects of this offer will be final and binding. Honeywell reserves the right to amend or cancel the terms of this offer at any time without prior notice.
